Testimonials

Saving sight, supporting sight loss: overall rating 94.93%

- *This was a much needed lecture so much information and the lecturers were great and engaging. Low vision is really not discussed or thought so this was enlightening*
- *Excellent CET workshop an eye opener*
- *One of the best CET sessions I've been to. Very informative and helpful to practice*
- *Really enjoyed this CET. Excellent quality.*
- *Great CET. Very well presented and informative. Good to have discussions.*
- *Very enjoyable, interesting, informative and important!*
- *Really, really, good, probably best CET I have been to in a long time!*
- *Excellent CET conference. Very passionate speaker & still thinking about it all on the day after. Highly recommended*

Introduction to Visual Impairment: overall rating 94.62%

- *Was very informative and was beautifully presented.*
- *Need to do more of these topics*
- *Great CET! First afternoon daytime event for me for a while but it was worth it!*
- *Fantastic CET, best I've been to in years, learnt something new*
- *Brilliant CET very interesting*
- *Excellent and very relevant. Refreshes knowledge and makes you think about sight loss from the patient's point of view which can easily be forgotten*
- *I really enjoyed this CET and sharing our knowledge was very useful*
- *Impactful and very useful session with a dynamic speaker. Bit different to the other events I have been to! Good booklet of resources summarises information and useful links mentioned in session*
- *Probably the best CET I've been to.*
- *It was the best CET evening I have ever attended (dispensing optician registered since 2017)*
- *Very proud to have been part of this CET. Well presented*
- *Very informative, made me think a lot and go home and do research*
- *Possibly the most interesting CET I have participated in. Felt relevant to my role and I have already used this in my role in practice. Also observed other colleagues showing more confidence discussing information we were given.*
- *Very positive CET— Low Vision can be all about expensive equipment.. this was how to advise people on the fact that losing sight is not the end of the road for them .. there are many solutions*
- *The best CET I have attended. Great presentation, relevant, and easy to immediately implement to make changes in practice. (optometrist registered since 2005)*
- ***This is the best CET session I've been to in this 3-year cycle. Interesting, relevant & full of great ideas for use in everyday practice.***
